

OGILVY MEDIA

Ogilvy *Orbit*

The Media Buying Records System, explained for Planners.

A focused guide to your part of Orbit: keeping your clients' schedule records current, recording the deals you strike, and reading the spend you own.

01

YOUR ROLE

A tight scope, done thoroughly

You keep your clients' records accurate and record the deals behind them. Small remit, high impact.

Three things you own

As a Planner you are the source of truth for your accounts. Everything downstream depends on what you enter.

1

Keep records current

Add and edit each of your clients' schedule records, so spend is always up to date.

2

Record the deals

Capture properties and negotiated deal terms on the channels you buy.

3

Read your accounts

Use live analytics to understand your clients' spend before any review.

What a Planner can reach

Your scope is deliberately tight: the clients assigned to you. On those clients you can add and edit records, and read their analytics. Everything is scoped to your accounts.

Database

Profile

Your details and password

SIGNING IN

Your secure sign in

You sign in with your agency email and a private password. Orbit only opens the accounts assigned to you.

WHAT YOU CAN DO HERE

- Sign in with your Ogilvy email and password
- Reset a forgotten password from the same screen
- Set a fresh password on your very first sign in
- Every session is protected and times out safely

Tip On your first login you will be asked to choose a new password.

02

RECORDING THE WORK

Keeping the records right

Your home is the schedule database. This is where the numbers begin.

DATABASE

The schedule database

Your home screen. Every uploaded schedule sheet lands here. Recent uploads and a search sit up top.

WHAT YOU CAN DO HERE

- See every recently uploaded sheet at a glance
- Pick your agency and a client to open its records
- Search within a client by RO number or brand
- Jump into a client to add or edit rows

The screenshot displays the 'Ogilvy ORBIT' interface. On the left is a dark sidebar with navigation options: 'Database' (selected), 'Spend Analytics', 'Agencies', and 'Profile'. The main content area is titled 'Schedule Database' and includes a search bar at the top. Below the search bar are two dropdown menus for 'AGENCY' and 'CLIENT'. A message prompts the user to 'Select an agency and client to view data'. At the bottom, a table titled 'Recent uploaded sheets' lists various schedule files with columns for FILE, MONTH, AGENCY, CLIENT(S), ROWS, UPLOADED BY, WHEN, and ACTION.

DATA ENTRY

Entering schedule data

With a client open, you get a spreadsheet of its records plus a live overview of value, months and channels.

WHAT YOU CAN DO HERE

- Add a row and type straight into the grid
- Paste columns copied from Excel in one go
- Upload an Excel sheet and map the columns
- Watch records, value and the mini chart update live

The screenshot displays the 'Schedule Database' interface in the Ogilvy Orbit system. The left sidebar contains navigation options: Database, Spend Analytics, Agencies, and Profile. The main content area features a search bar and filters for Agency (Ogilvy Media) and Client (Access Engineering PLC). Summary cards show 180 records, a schedule value of 101.3M, and 54 channels. A mini bar chart visualizes the monthly schedule value. Below these are links for 'Upload History (30)' and 'Upload Excel'. The bottom section is a table of schedule entries.

Tip Everything you enter flows straight into every chart across Orbit.

CLIENT DETAIL

Your client's channels

Open a client to see its channels, grouped by medium, each showing how many properties it holds.

WHAT YOU CAN DO HERE

- See channels split across TV, Radio, Print and more
- Add a new channel to a client when you win one
- Open any channel to record its deals
- Read the property count on every channel card

CHANNEL DETAIL

Properties and deal terms

On a channel you record the deals you strike: properties, and the discount and bonus terms per year.

WHAT YOU CAN DO HERE

- See each property with its value, bonus and dates
- Record discount and bonus terms year by year
- Keep a full history of what was agreed and when
- Edit a property or term as the deal moves

The screenshot displays the 'Channel Detail' page in the Ogilvy Orbit Planner. The left sidebar shows navigation options: Workspace (Database, Spend Analytics), Agencies, and Administration (Profile). The main content area shows the channel 'Ada Derana 24X7' with a search bar and user 'Tharindu Fernando'. A property card for 'Teledrama Slot' is highlighted, showing a value of LKR 1.88M, a bonus of +LKR 347.2K (10%), and a duration from 1 Jan 2025 to Ongoing. Below this, a table titled 'Deal terms' shows the discount and bonus percentages for the years 2024, 2025, and 2026. The total committed value is LKR 1.88M.

YEAR	DISCOUNT %	BONUS %	NOTES	ADDED BY
2026	16.4%	16.2%	Negotiated annual deal	Nimal Perera
2025	11.0%	9.3%	Negotiated annual deal	Nimal Perera
2024	21.2%	17.3%	Negotiated annual deal	Nimal Perera

Tip Recording terms here means nothing about a deal lives only in your inbox.

ADD A PROPERTY

Recording a property

The Add property form captures a deal in full, and computes the bonus value for you as you type.

WHAT YOU CAN DO HERE

- Pick a category and name the property
- Enter the value and a bonus percentage
- Set the flight dates, or mark it ongoing
- Save, and it appears on the channel at once

The screenshot shows the 'Add property' form overlaid on a blurred background of the Ogilvy Orbit Planner interface. The form is titled 'Add property' with a subtitle 'Access Engineering PLC - Ada Derana 24X7'. It contains the following sections:

- CLASSIFICATION**
 - Property category ***: A dropdown menu with the text 'Select a category...'.
 - Property type**: A text input field with the example text 'e.g. Segment Sponsorship, Presenting Partner, Billboard'.
 - Property name ***: A text input field with the example text 'e.g. Hiru Star Season 5 Sponsorship'.
- COMMERCIALS**
 - Property value (LKR) ***: A text input field with the value '0'.
 - Bonus count (%)**: A text input field with the value '0'.
 - BONUS VALUE**: A green box containing the formula 'Property value x bonus % + 100' and the result 'LKR 0'.
- FLIGHT DATES**
 - Start date ***: A date picker field showing 'mm/dd/yyyy'.
 - End date ***: A date picker field showing 'mm/dd/yyyy'.
 - ☐ Ongoing - no end date (still running)
- Notes**: A text area with the placeholder text 'Optional notes...'.

At the bottom right of the form are two buttons: 'Cancel' and '✓ Add property'.

READING YOUR ACCOUNTS

Knowing your numbers

The same records you enter come back to you as charts, scoped to your clients.

SPEND ANALYTICS

Spend analytics

A live picture of your clients' committed media value across months, media, channels and clients.

WHAT YOU CAN DO HERE

- Read total committed value and monthly average
- Compare spend year over year on one trend chart
- Break spend down by medium, channel and client
- Export the full view to Excel or PDF

Tip You only see your own clients, so the totals are yours to act on.

CLIENT DASHBOARD

The client dashboard

A focused analytics view for one client, so you can walk into any client review prepared.

WHAT YOU CAN DO HERE

- See the client story in charts, not spreadsheets
- Track spend trends and channel mix over time
- Spot where a client is growing or slowing

CHANNEL INTELLIGENCE

Channel intelligence

A deep read on a single channel, so you know the market before you negotiate a rate.

WHAT YOU CAN DO HERE

- See spend on a channel across recent years
- Read year over year growth and the peak month
- Trace any month back to the schedules behind it
- Know how many clients use the channel

YOUR CLIENTS

Finding your accounts

Your agency and client lists are the quick way in. Both are scoped to the accounts assigned to you.

WHAT YOU CAN DO HERE

- Open your agency to see its client roster
- Browse or search the clients assigned to you
- Open a client to reach its records and channels
- Jump to a client dashboard in one click
